Trust in a Strong Partner

Do you value having a partner who offers absolute trust? A partner comfortable in all of the precious metal disciplines relevant for your company?

Someone who understands global stock markets and trading centres, offers international networks, and gives you the security of always knowing you are up to date? Welcome to Agosi – your personal partner for all areas of the precious metals trade. We offer everything you need for modern and reliable precious metals management.

Allgemeine Gold- und Silberscheideanstalt AG is part of Umicore, Brussels, a global materials technology group. It focuses on application areas where its expertise in materials science, chemistry and metallurgy makes a real difference. Umicore's overriding goal of sustainable value creation is based on an ambition to develop, produce and recycle materials in a way that fulfils its mission: materials for a better life. Its social commitment and innovative environmental approach have earned Umicore worldwide recognition; the corporation is among the „World's Most Ethical Companies“ (Ethisphere 2012). www.umicore.com

*With its subsidiaries in Austria and Thailand, North- and South America, Agosi represents the core of the Umicore Business Unit Jewelry & Industrial Metals. It provides a closed-loop concept of precious metals services, products and refining for the precious metals consuming industries. Its Pforzheim site is RJC-CoC certified and can offer responsibly produced CoC-gold, -platinum, -palladium and/or -rhodium of conflict-free origin. Agosi is also accredited according to the Responsible Gold and Responsible Silver Guidance by the London Bullion Market Association (LBMA). www.agosi.de
The current General Terms and Conditions apply.*

Agosi Precious Metals Services

Your Partner for Precious Metals

What We Can Do for You

Your precious metals will be in safe hands with us. Our experienced team handles buying and selling orders correctly, promptly, and reliably for you. The team completes clearing transactions and delivers precious metals in the form you need to the recipient you select – domestically or abroad – according to your requests and specifications. Do you want to purchase precious metals at a specific price or secure your production needs against pricing fluctuations through futures transactions? We would be happy to prepare a personalized price hedging or financing model for you.

We have our finger on the pulse of global financial markets and can provide you with further information key to your business. Whether you are interested in pure price or market developments – you have come to the right place.

Constant Variables, to Keep You Flexible When You Need to Be

Your customer and weight account at Agosi serves as a “constant variable,” giving you plenty of room to maneuver and handle precious metals efficiently and flexibly. No matter whether you

receive a credit of precious metals from processing refining materials or need a delivery of fine metals or bars – all of the transactions you are involved in within our precious metals cycle are reflected in your account. You decide whether the materials should be used to create new commodities for your production, whether we should store them for you, or whether you want to sell your credit quickly and easily. Your weight account provides you an overview so you can decide whether to keep commodities “liquid” or “solid” at all times.

Daily Updates on Your Screen...

Information on pricing quotations and daily rates is available personally from your Agosi customer

adviser or anytime at www.agosi.de/pm-quotations.

Our online precious metals rates have been one of the most popular and in-demand sources of information and pricing since the Internet era began.

Everything from a Single Source

Our precious metals are used by renowned companies in the jewellery, watch, and coin industry – as well as in industrial applications in electrical engineering, automotive manufacturing, the chemicals industry and medical technology. All of these areas are networked and integrated across sectors within our company.

Agosi Precious Metals Services: The right choice for trading precious metals, transfers, precious metals provision, and financing matters. Close to home – represented worldwide in key industrial areas and time zones.

New Options from a Traditional Company

Precious metals have been our core area of expertise since 1891. We use secondary materials to create valuable commodities with the highest purity and quality. These are a reliable basis for ready-to-process materials, alloys, and semi-finished products in different variations and shapes.

Certified Precious Metals

Based on RJC certified Chain of Custody Standards for Gold and PGMs, Agosi is the first German precious metals company to offer a conflict-free delivery and production chain from raw materials to CoC fine metals or CoC semi-finished products.

Agosi fulfills the requirements of the Responsible Jewellery Council, the Responsible Minerals Initiative (formerly CFSI), and the Gold Guidance criteria of the London Bullion Market Association (LBMA). In addition to that, Agosi is accredited according to LBMA Responsible Silver standards.
